WHY WE SUPPORT LEUKEMIA RESEARCH AND PATIENTS:

In 2003 Ryan Daly and his sister, Laura Daly established GetRecD. The idea was to get friends, family and community members out for a recreational day all while raising funds for cancer research. In an ironic twist of fate, while preparing for the event, Ryan was diagnosed with Leukemia at the age of 27. After a courageous two-year battle with Leukemia, Ryan Daly passed away on April 29, 2008, at the age of 29. Ryan always had a smile on his face, a funny joke to tell, and was above all, a selfless human being. He lifted the spirits of countless patients and their families while undergoing treatment at PMH. Although we miss him dearly, his spirit lives on through this great cause!

Assist us in making a difference in a cancer patient's life, by directly donating items to cancer patients in need while allowing them to concentrate on their battle ahead.
